

Group 3

Adam Tamargo, Aaron Williams, David Montoya,
Jordan Le, Jonathan Peritz, and Melissa Belfer

PROJECT AND SPRINT 3 OVERVIEW

Food Baby - A web application to connect students with organizations offering free food on campus. For organizations, they can input what type of food, where the food is located and what time it will be offered. For end users, food can be located based on time, type, or location.

Planned Features	Implemented
<ul style="list-style-type: none">● Implement Login System● Final Branding● Implement Tally System● Additional Search Features● Various Bug Fixes● Usability Story: Reorganize Navigation	<ul style="list-style-type: none">● Login System Created● Branding Updated● Search Features Finalized● Graphical Bugs and Usability Bugs Corrected● Usability: Organization Updated
