Sprint 2 Retro

1. Discuss what worked well this sprint that we want to continue doing?
- Structure of code was cohesive

2. What didn't work well this sprint that we should stop doing?
- Communication between team members didn't work very well
- Demo did not go as planned

3. What should we start doing or improve?
- Meeting before demo to go over presentation / demo
- Better communication between team members
- Better design to make things more appealing

4. Decide which of the above items will be addressed.
- Communication, design, and better demo.

Sprint 3 Planning:

1)bug
- Tile design has graphical issue when scrolling over certain categories
- Heroku has issues loading all of the data from database

2)enhancements
- Change the design to keep things from moving
- Add better map data to make it easier to enter in locations / data

3)new features
- Directions to event
- Tally system for validation of events.
